### **FINDINGS AND DECISION**

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

#### **Background**

1. Former 28 Texas Administrative Code §133.305, effective June 3, 1991, 16 *Texas Register* 2830, sets out the procedures for resolving medical fee disputes.
2. Former 28 Texas Administrative Code §134.1(f) effective October 7, 1991, 16 *Texas Register* 5210, sets out the reimbursement guidelines for the services in dispute.
3. This request for medical fee dispute resolution was received by the Division on January 27, 1998.

4. The services in dispute were reduced by Kemper National Services via a letter dated November 4, 1997 which states in part, "Kemper National Services considers the Acute Care Inpatient Hospital fee guideline fair and reasonable. Therefore, no further reimbursement is recommended."

## **Findings**

1. This dispute relates to inpatient hospital services. The former agency's *Acute Care Inpatient Hospital Fee Guideline* at 28 Texas Administrative Code §134.400, 17 *TexReg* 4949, was declared invalid in the case of *Texas Hospital Association v. Texas Workers' Compensation Commission*, 911 *South Western Reporter Second* 884 (Texas Appeals – Austin, 1995, writ of error denied January 10, 1997). As no specific fee guideline existed for acute care inpatient hospital services during the time period that the disputed services were rendered, the 1991 version of 28 Texas Administrative Code §134.1(f) applies as the proper Division rule to address fee payment issues in this dispute, as confirmed by the Court's opinion in *All Saints Health System v. Texas Workers' Compensation Commission*, 125 *South Western Reporter Third* 96 (Texas Appeals – Austin, 2003, petition for review denied). 28 Texas Administrative Code §134.1(f), effective October 7, 1991, 16 *Texas Register* 5210, requires that "Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act, sec. 8.21(b), until such period that specific fee guidelines are established by the commission."
2. The former Texas Workers' Compensation Act section 8.21 was repealed, effective September 1, 1993 by Acts 1993, 73rd Legislature, chapter 269, section 5(2). Therefore, for services rendered on or after September 1, 1993, the applicable statute is the former version of Texas Labor Code section 413.011(b), Acts 1993, 73rd Legislature, chapter 269, section 1, effective September 1, 1993, which states, in pertinent part, that "Guidelines for medical services fees must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. The commission shall consider the increased security of payment afforded by this subtitle."
3. 28 Texas Administrative Code §133.305(d)(7), effective June 3, 1991, 16 *Texas Register* 2830, requires that the request shall include "copies of all written communications and memoranda relating to the dispute." Review of the documentation submitted by the requestor finds that the request does not include a copy of medical documentation and EOBs or other written communications and memoranda pertinent to the dispute. The Division concludes that the requestor has not met the requirements of §133.305(d)(7).
4. Review of the submitted documentation finds that:
  - The requestor's position statement asserts that "This dispute involves reimbursement under rule 134.400, now void. Carrier has refused reconsideration of reimbursement at a fair and reasonable level. Minimum reimbursement should be at the minimum of the Facility Fee Ratio, 85% of billed charges, established by TWCC as fair and reasonable payment for services billed prior to September, 1992."
  - The Division finds that a reimbursement methodology based upon payment of a hospital's billed charges, or a percentage of billed charges, does not produce an acceptable payment amount. Such a reimbursement methodology would leave the ultimate reimbursement in the control of the hospital, thus defeating the statutory objective of effective cost control and the statutory standard not to pay more than for similar treatment of an injured individual of an equivalent standard of living. It also provides no incentive to contain medical costs. Therefore, a reimbursement amount that is calculated based upon a percentage of a hospital's billed charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.
  - The requestor does not discuss or explain how payment of the amount sought would result in a fair and reasonable reimbursement for the services in this dispute.
  - The requestor did not submit documentation to support that the payment amount being sought is a fair and reasonable rate of reimbursement for the disputed services.
  - The requestor does not discuss or explain how payment of the requested amount would satisfy the requirements of 28 Texas Administrative Code §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

**Conclusion**

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.

***ORDER***

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
